Sharing J-'s love with a family member or a friend is easy and necessary, because we love them; sharing J-'s love with a stranger is not easy, but necessary! Because J- loves them all. That's why we're having our testimonies going around the world. We want to share this wonderful blessing with every child of GOD!"

Having spent time in prison I thoroughly understand the concerns of prisoners. My own testimony is very powerful for reaching into their hearts of prisoners and establishing the bond of trust and hope for life. Our work in prisons is all about what Jesus can do for them. I thank Jack for his ministry, how he encouraged me the way he expressed my story.

"We appreciate your ministry and over the last few years we have distributed our testimonial tracts throughout our travels. It is a great way to glorify the Lord and it is a privilege to be a part of this ministry. In his service.

"I am well acquainted with the work of sharing and distributing the personal testimonies of God's work in the lives of people. From the seemingly mundane to the miraculous, each person has a story to tell. Jack Olson and his ministry, The Word of Our Testimony is helping people do just that through printing, publishing and distributing the stories of God's work in the lives of men, women and youths."

I know the struggles, but I thank you for being a faithful servant. I have really appreciated working with you during the last few years. You have shared many great testimonies with our readers. They have said they were really good. I know they have ministered to many, many people - me too.

Free from the torments of a life full of sin and shame, I try to bring hope, life and truth to a dying world. Through my testimony and gifting I share the reality of Christ and the Love of God. Jack Olson has entered the Christian fight with his testimony ministry. It is a mighty battle for the hearts and souls of men. A testimony of the Love, Grace and Mercy of God is the most powerful way to prove the existence of the Creator. In a world full off

The Word of my Testimony is a great organization for both the people who write their testimony and readers. It highlights to the writer, just how much strength and consistent presence of Jesus they have had in their entire life. They also work hard to place these true testimonies out to the public in every possible way. People all around the world can know Jesus through reading a testimony.
